

SSME Doctoral Symposium

September 19th 2008

Manchester Business School, Oxford Road, Manchester

The SSME Doctoral Symposium seeks to bring together PhD students working on topics in service science, management and engineering and give them the opportunity to present and to discuss their research with researchers and practitioners in the SSME community.

The symposium aims to provide a constructive atmosphere whereby students receive feedback on their research and guidance on future directions.

The symposium is intended for students who have not yet completed their dissertation research. Students will be asked to submit an abstract of their research prior to the event. Selected students will be asked to make a short presentation to the Doctoral Panel.

Registration for this event opens on July 7th.

Please contact linda.macaulay@manchester.ac.uk if you are a senior academic or practitioner interested in serving on the Doctoral Panel.

To be kept informed of this and other SSME events register today as a network member with www.ssmenetuk.org
